Soham Mali

Computer Engineering Student

Kalyan, Maharashtra | 9820272618 | sohammali68@gmail.com | linkedin.com/in/sohammali

CAREER OBJECTIVE

Computer Engineering student with hands-on experience in C++, Java, Python, and web development, seeking a Software Developer/Software Engineering Intern role to apply strong problem-solving skills and contribute to collaborative engineering teams building scalable, production-ready software.

TECHNICAL SKILLS

- **Programming Languages:** C++, Java, Python
- **Web Technologies:** HTML, CSS, JavaScript
- **Databases:** MySQL
- **Tools & Concepts:** Data Structures & Algorithms, Git, OOP, Database Design

EDUCATION

Pillai University — Panvel, Maharashtra
B.Tech in Computer Engineering — Expected Graduation: 2027
CGPI: 6.25

CERTIFICATIONS

- Google Cloud Career Launchpad Program (2026)
- Google DeepMind AI Research Program (2026)

WORK EXPERIENCE

Alegria - Festival of Joy — Navi Mumbai
Marketing Team Intern — 2026

- Collaborated with a cross-functional marketing team to design and execute promotional campaigns for a large-scale college festival.
- Coordinated with peers to plan outreach strategies, contributing to increased event visibility and audience engagement.

PROJECTS

Book Recommendation System | *Python, MySQL*

- Built a recommendation engine that suggests books to users based on ratings and reading history using collaborative filtering.
- Designed and implemented a MySQL database schema to store user preferences and book metadata.

The Ultimate Sport Store | *HTML, CSS, JavaScript, MySQL*

- Developed a full-featured e-commerce web application for browsing and purchasing sports equipment.
- Implemented product catalog, cart, and checkout functionality with a MySQL-backed database.

Hotel Management System | *Java, MySQL*

- Created a desktop application to manage room bookings, guest records, and billing for a hotel.
- Applied object-oriented design principles to structure core modules (booking, billing, guest management).
